When Walt Disney opened Disneyland on July 17, 1955, he said he hoped it would be “a source of joy and inspiration to all the world.” Since then, the Disneyland Resort has welcomed guests from all across the world, expanding to become an approximately 500-acre, multifaceted, world-class family resort destination, complete with two renowned Disney theme parks, three hotels and the exciting shopping, dining and entertainment area known as Downtown Disney District.

Disneyland introduced the world to an entirely new concept in family entertainment. Today, it continues to use creativity, technology and innovation to bring storytelling to new heights, while fulfilling Walt Disney’s vision that “Disneyland will never be complete as long as there is imagination left in the world.”
NEW DEVELOPMENTS

The all-new, 14-acre Star Wars: Galaxy’s Edge is now open. The largest single-themed land expansion in Disneyland park history features new experiences for Star Wars fans to step into stories from far, far away. Guests are transported to the remote planet of Batuu, where they become part of the story as they sample galactic food and beverages, explore an intriguing collection of merchant shops and take the controls of the most famous ship in the galaxy aboard Millennium Falcon: Smugglers Run.

Star Wars: Rise of the Resistance, Disney’s most ambitious, immersive and advanced attraction ever imagined, will open January 17 in Star Wars: Galaxy’s Edge. The epic attraction will place guests in the middle of a climactic battle between the First Order and the Resistance and will blur the lines between fantasy and reality.

In 2020, a new Super Hero-themed land will begin recruiting guests in Disney California Adventure park, with even more new experiences to follow. Guests will suit up alongside Spider-Man with cutting-edge tech from the new Worldwide Engineering Brigade.

In 2022, Mickey & Minnie’s Runaway Railway, the first major Mickey-themed ride-through attraction at Disneyland park, will bring the wacky and unpredictable world of a Mickey Mouse cartoon short to life in Mickey’s Toontown with an original story and lovable theme song.

COMMUNITY INVOLVEMENT

At the Disneyland Resort, we are committed to honoring the magic and legacy of Disney Parks by bringing happiness, comfort and inspiration to families in our community. Since 1955, the resort and its cast members have contributed to our local community in myriad ways including millions of dollars in cash and in-kind donations to local nonprofit organizations, leaders serving on boards and thousands of Disney VoluntEARS hours provided by our cast members.

Earlier this year, the Disneyland Resort announced a commitment of $5 million in grant funding to the newly revitalized Orange County Housing Trust, which has been retooled by Orange County Business Council and NeighboWorks Orange County. This was the first contribution by a private donor to the housing trust in support of affordable housing.

In 2018, the Disneyland Resort donated $600,000 to Chrysalis, a California nonprofit that has proven results in lifting individuals out of poverty by helping them find and retain steady jobs. Disney VoluntEARS also celebrated 35 years of giving back to communities around the globe in 2018, a program that started at the Disneyland Resort and has provided more than 10 million hours of volunteer service to date. In 2018, Disney VoluntEARS built an additional KaBOOM! playground in Anaheim, bringing the total number of Disney-sponsored playgrounds in the area to 13.

For Anaheim students, the Disneyland Resort is entering the third year of its workforce development program. Through this program, Disney VoluntEARS provide career development workshops and presentations, and host hundreds of high school students and young adults on-site for immersive mentoring and leadership development opportunities. And over a 10-year period, the Disneyland Resort will award sixth-grade students in Anaheim tickets to visit the resort when they make a positive impact in their community through the Happiest Class on Earth program.

As part of our “Disney Team of Heroes” commitment to deliver comfort and inspiration to families with children facing serious illness, the resort fulfills approximately 700 on-property Wishes each year, and hosts the largest pediatric fundraising walk in the nation, CHOC Walk in the Park, benefiting Children’s Hospital of Orange County. In August 2018, the annual walk raised nearly $3 million.

ECONOMIC IMPACT

For more than 60 years, the Disneyland Resort has been an economic engine for Southern California. An independent study concluded that the Disneyland Resort generates $5.7 billion annually for the Southern California economy. The study also showed that each year the resort generates more than $370 million in taxes – including hotel, sales, property and income taxes – for surrounding cities, counties and the state. In addition to its own 31,000-member cast, the resort supports more than 30,000 jobs in Southern California. Between 2005 and 2015, Disneyland Resort grew its workforce by approximately 65 percent. More than 1,600 new operations jobs and 6,700 temporary construction and artisan jobs were created for Star Wars: Galaxy’s Edge.

THE ENVIRONMENT

The Disneyland Resort has an ongoing commitment to develop and implement environmentally responsible practices to reduce our impact through energy and water conservation, waste minimization and inspiring others to act with the environment in mind.

Single-use plastic straws and plastic stirrers have been eliminated as part of The Walt Disney Company’s commitment to eliminate these items at locations around the globe. In addition, the Disneyland Resort is reducing in-room plastics by 80 percent, reducing plastic shopping bags and eliminating polystyrene cups.

Nearly all water used at the resort is recycled through Orange County’s Ground Water Replenishment System. In addition, the resort incorporates watersavvy gardening and uses an on-site weather system to adjust irrigation based on changing weather conditions.

Compressed natural gas (CNG) is used to fuel the parking lot guest trams, Sailing Ship Columbia, rafts to Tom Sawyer Island, Jungle Cruise boats and Main Street, U.S.A. vehicles. In the last 10 years, Disneyland Resort has doubled the amount of waste diverted from landfills, including 16 million pounds of food scraps processed into animal feed, and the donation and repurposing of gently used shoes, costumes, furniture and decorations.

The Disneyland Resort Hotels each earned the environmentalist certification from the California Green Lodging Program, the state’s top rating for travelers seeking green lodging.
DISNEYLAND RESORT PARKS

DISNEYLAND PARK
Opened: July 17, 1955

Counted among the greatest entertainment achievements of the 20th century, Disneyland park introduced a new concept in family entertainment and launched today’s theme park industry. The park is composed of nine themed areas: Main Street, U.S.A., Adventureland, New Orleans Square, Critter Country, Frontierland, Fantasyland, Mickey’s Toontown, Tomorrowland and Star Wars: Galaxy’s Edge.

**ATTRACTION HIGHLIGHTS:**

DISNEY CALIFORNIA ADVENTURE PARK
Opened: February 8, 2001

Disney California Adventure park takes guests on a journey to discover California fun as only Disney can. The seven themed areas are: Buena Vista Street, Hollywood Land, Paradise Gardens Park, Cars Land, Pacific Wharf, Grizzly Peak and Pixar Pier.

**ATTRACTION HIGHLIGHTS:**

DISNEYLAND RESORT HOTELS

**HOTELS:** Three
**TOTAL NUMBER OF HOTEL ROOMS:** Approximately 2,400 Disneyland Resort hotel rooms and 50 two-bedroom equivalent Disney Vacation Club villas
**CONVENTION FACILITIES:** Approximately 200,000 square feet of convention and meeting space throughout Disneyland Resort hotels

DISNEY’S GRAND CALIFORNIAN HOTEL & SPA
This newly refurbished 948-room and 50 two-bedroom equivalent villa flagship hotel of the Disneyland Resort is a AAA Four-Diamond, award-winning luxury property inspired by the turn-of-the-century California Craftsman movement. The property is home to the first Disney Vacation Club units on the West Coast, and with theme park admission, all guests enjoy a special entrance to nearby Disney California Adventure park. It offers suites, a large convention facility, and two restaurants: Storytellers Café and the award-winning Napa Rose. With more than 30 certified sommeliers, including several advanced sommeliers, Napa Rose boasts a 17,000-bottle cellar with more than 1,000 different labels and 80 wines available by the glass.

DISNEYLAND HOTEL
This 973-room landmark hotel features re-imagined guest rooms, Tangaroa Terrace and Trader Sam’s Enchanted Tiki Bar, and a courtyard featuring monorail-inspired water slides. Goofy’s Kitchen and the award-winning Steakhouse 55 are among the distinctive restaurants. The AAA Four-Diamond hotel also features one of the largest contiguous convention spaces in the Western U.S., at 136,000 square feet.

DISNEY’S PARADISE PIER HOTEL
Inspired by California beach culture, this family-friendly 481-room hotel features casual dining, shops, recreation areas and meeting space. The pool deck includes cabanas and a water slide. The hotel overlooks Disney California Adventure park.

DOWNTOWN DISNEY DISTRICT
Bridging the two theme parks and three hotels is the Downtown Disney District, a 20-acre entertainment, dining and shopping district featuring more than 300,000 sq. ft. of retail space. Anchored by the World of Disney store, the Downtown Disney District has recently welcomed Sugarboo & Co., Ballast Point Brewing Company, Salt & Straw scoop shop, Black Tap Craft Burgers & Shakes, Rinse Bath & Body Co., PopUp Disney! A Mickey Celebration, Splitsville Luxury Lanes, Star Wars: Secrets of the Empire, by ILMxLAB and The VOID, and the re-designed Wetzel’s Pretzels, Naples Ristorante Pizzeria and Napoli.
FACTS & FIRSTS

• With 31,000 cast members, the Disneyland Resort is the largest single-site employer in Orange County.
• Disneyland Resort cast members speak approximately 32 different languages.
• Since 1955, the Disneyland Resort has welcomed over 800 million guests.
• The Disneyland Railroad steam trains and Mark Twain Riverboat are powered by biodiesel made from recycled cooking oil — used to make French fries and other foods — at the Disneyland Resort, saving approximately 200,000 gallons of petroleum diesel each year.

• With more than 160 food and beverage locations, the Disneyland Resort offers more than 15,000 recipes. Many chefs are graduates of prestigious culinary schools.
• All parade floats are electrically powered, and our cast use hundreds of electric back-of-house vehicles.
• Disneyland park created the first daily operating monorail in the Western Hemisphere.
• 800 species of plants that are native to more than 40 different countries from around the world are grown at the Disneyland Resort.
